Anurodh brings to Infinity Ventures (India) Pvt Ltd his managerial qualities, problem solving skills and six years of IT experience in Websites and other IT related services. He has extensive experience covering a broad range of web technologies and is highly motivated team-leader and good team player with excellent communication skills and analytical approach.

Starting his career as a Physics Lecturer to impart education to Graduates on courses run by University of Lucknow, he switched over to Computer Field as a Managing Instructor, and is now presently holding the position of a Webmaster.

As a Director, Infinity Ventures (India) Private Limited, he is responsible for strategic issues, technical guidance and business development. He has been actively managing various projects at Infinity.

Anurodh's web development experience is focused on **Managing, Hosting, Maintaining and developing** Informative, Dynamic and e-commerce web applications. Presently he is contributing to Infinity as a Director as well as project coordinator, in addition to managing company affairs.

His inclination with Teaching in University of Lucknow speaks of his commitment to society and his approach for improving the condition of illiterate and downtrodden people. He has made efforts to help improve the education for the under privileged sections of the society in India, thereby improving their living standard and resulting in creation of jobs for the uneducated youth in India, by diverting their energy into creativity of education.

As a further step towards human resources development, through Infinity, Anurodh is imparting career-oriented training to technical undergraduates to accept the challenges in the field of Information Technology.

Born (1973) in a small town of Unnao (India), Anurodh completed his Intermediate Education from Mahanagar Boys' Inter College, Lucknow (India), graduated from University of Lucknow, Lucknow (India) in 1995. He has done his Masters Degree in Electronics from University of Lucknow, in 1998.

Married to Soni, also a Post Graduate in Sociology from University of Kanpur (India), they are blessed with a son Akshat alias Lucky studying in pre-school.
